L'aspetto più rustico del legno, unico ed intramontabile, trapela da una materia ceramica che offre ad ogni ambiente, con grazia e sobrietà, le sue tipiche venature e i nodi più casuali.

Wood in its most rustic, unique, eternal form, expressed by a ceramic material that offers its distinctive veining and most random knots for any interior with grace and good taste.

L'aspect plus rustique du bois, unique et impérissable, est exprimé par une matière céramique, dont les applications en reproposent, avec grâce et sobriété, le veinage typique et le caractère fortuit des nœuds.

Keramische Fliesen mit dem unvergänglichen Charme der einzigartigen, rustikalen Optik von Holz gestalten jeden Raum mit der schlichten Schönheit seiner typischen Maserungen und unregelmäßigen Aststellen.

Tutta la versatilità progettuale e creativa di un gres ad effetto travertino, si manifesta nel dialogo fluido e contemporaneo tra outdoor e indoor e tra pavimenti e rivestimenti.

All the architectural and creative versatility of a travertine-effect stoneware, in a fluid, contemporary dialogue between indoor and outdoor locations, floors and walls.

Toute la polyvalence conceptuelle et créative d'un grès effet travertin se manifeste dans le dialogue ininterrompu et contemporain entre outdoor et indoor et entre revêtements de sol et revêtements de mur.

Der große planerische und kreative Freiraum, den Feinsteinzeug in Travertinoptik bietet, zeigt sich besonders bei Gestaltungskonzepten für Innen- und Außenbereiche und Boden- und Wandbeläge in einem einheitlichen Look.

pietra antica

Uno scenario in cui confluiscono la linearità degli arredi e lo charme antico di una pietra, volutamente materica alla vista e al tatto, racconta di un equilibrio compositivo spontaneo e ricercato.

The simplicity of furnishings combines with the antique charm of a stone intentionally tactile in look and texture, achieving a spontaneous, sophisticated compositional balance.

Une scénographie accordant la linéarité du mobilier avec le charme antique d'une pierre, expressément avec effet matière à la vue et au toucher, nous parle d'un équilibre de composition spontané et sophistiqué.

Ein linearer Einrichtungsstil und der antike Charme eines Gesteins mit einer ausgeprägt materialbetonten Optik und Haptik finden in spontanen, erlesenen Kompositionen eine ideale Balance.
